

(c) Exhibit 2 is entitled—Status Report. It indicates the amount programmed, appropriated, or funded; the current working estimate (CWE); and the status of each active project. Separate exhibits will be completed by the major commands for each category or projects (i.e. air, water, noise, solid waste, etc.). After the initial report, marked-up copies of the ADP printout giving an update on all previously reported projects is all that is necessary. The ADP printout to be used for this purpose will be provided by HQDA (DAEN-FEU) WASH, DC 20314.

(d) Exhibit 3 is entitled—Narrative report. Major commands will provide a short explanation of the objectives that will be achieved, the elements of their environmental program that will be given particular emphasis over the short term, and the extent that statutory pollution control requirements and DA environmental goals and objectives will be satisfied by executing the projects or actions listed in the report. For any specific portion of the program that requires more than 12 months to complete, an identification of the major milestones for accomplishing the various actions are also to be included.

§ 650.235 Responsibilities.

(a) *Department of the Army Staff.* (1) The Chief of Engineers will compile the overall DA report based on submissions from major commands and the National Guard Bureau.

(2) The Chief, Army Reserve will monitor those reports by the major commands to ensure that Reserve installations for which they provide logistical support are included in the Pollution Control Report.

(3) The Chief, National Guard Bureau will submit a report to the Chief of Engineers including those projects for National Guard sites or installations which are supported by federally appropriated funds.

(b) *Major commands.* (1) Major commands controlling installations or activities, or providing logistical support to Reserve installations in the United States, District of Columbia, Puerto Rico, Canal Zone, Guam, American Samoa, Virgin Islands and the Trust

Territories will submit reports in accordance with this regulation.

(2) Major commands controlling installations or activities in overseas areas will submit reports identifying pollution abatement projects required for compliance with host nation regulations, international or Status of Forces Agreements.

(3) Commanding General, US Army Materiel Development and Readiness Command will submit reports on retrofit projects and programs to bring mobile sources (vehicles, aircraft and watercraft) into compliance with air, water and noise standards.

INSTRUCTIONS FOR THE PREPARATION AND SUBMISSION OF EXHIBITS

§ 650.236 Exhibit 1—Proposed Project.

(a) An Exhibit 1 will be prepared and maintained current for all known pollution control projects using the format in Figure 10-1 and for valid environmental protection resource requirements using the format in Figure 10-2. Exhibit 1's previously submitted on air and water pollution control projects which are still valid, but not yet completed, do not have to be resubmitted in the new format except when a significant change takes place to make the earlier Exhibit 1 obsolete. Exhibit 1's are not required for completed projects.

(b) Exhibit 1's for new or revised projects or requirements will be submitted semi-annually by November 15, and May 15, of each year to DAEN-FEU based on the latest information as of 30 days prior to the above reporting dates.

(c) Each project will be identified as to the category of pollution control needed (i.e., air, water, solid waste, radiation, noise, pesticides, and environmental management). Projects within a category will be assigned consecutive numbers by DAEN-FEU beginning with "1." Project numbers are for permanent identification and may not be re-assigned to new projects. Existing air and water pollution control projects previously numbered under RCS DD-I&L(SA) 1383 are to be continued under their originally assigned numbers. These project numbers apply strictly
